

I listen to K-LOVE radio all through the day and evening. It is a constant source of encouragement and support. I am writing because I know literally hundreds of local residents also find K-LOVE to be a unique and valuable service to our community.

I understand that the FCC is considering the expansion of LPFM stations that might jeopardize my reception of K-LOVE and this would be a disaster in our community.

Please DO NOT proceed with an expansion of these LPFM stations.

Thank you,

Dennis C. Lindberg
